

Appleton Group Bristol

Chartered Landscape Architects

Practice Profile

Appleton Group Bristol is an enthusiastic practice of Landscape Architects and Environmental Consultants. We offer a full range of services and expertise at all stages of a project from conception, feasibility and planning through to detailed external works and soft landscape design, contract procurement, long-term landscape management, environmental assessment and expert witness services in Public Inquiries.

Design methods

We use the design processes of investigation, analysis, evaluation and consultation to realise the potential of each project whilst seeking effective & sustainable solution to design challenges.

Experience

The practice has extensive experience in landscape design, restoration and environmental assessment, in both urban and rural areas for the public, private, and voluntary sector. We also provide expert witness services in Public Inquiries. We have experience in working on projects with BREEAM requirements.

Project profile

Our project list encompasses housing, education and health facilities, parks and open spaces, sports and leisure facilities, commercial and industrial development, landfill restoration farm diversification and Landscape Management.

Technology

Our design team uses AutoCAD, Adobe Illustrator and Photoshop, NBS Specification, National Plant Specification and Digitised Mapping System to deliver projects. Output can be delivered via Content Management Systems, Paper copies or PDF via Email.

Professional Affiliations

The practice is registered with the Landscape Institute.

Appleton Group Bristol has affiliation with Landscape Practices in Bolton, Merseyside and Northern Ireland and the group is registered with Royal Town Planning Institute, Constructionline and is a member of the Institute of Environmental Assessment and Management. We also have CSCS certification for Professionally Qualified Persons.
